

CONFIRMATION OF GENETIC TESTING

AQHA UK, PO Box 10614, Sleaford, NG34 4ET

Tel: 07544 262747 Email : info@aqha.uk.com

INSTRUCTIONS

If your horse has had a genetic test, ie AQHA Five Panel, or any other test and would like your horse passport updated, please fill out this form and return it with the passport to be updated.

Existing passports will be updated with a sticker for new registrations, complete the AQHA UK Registration and Passport Application and include the information where indicated.

There is no fee to update an existing passport, but please send a SAE for the return of the passport.

AQHA requires all Breeding Stallions to have had a AQHA Five Panel Test before they will register any offspring. AQHA UK also strongly recommend that all mare owners who are breeding, or indeed may think of breeding in the future have a five panel test completed on their mares. For more information on the Five Panel test please visit www.aqha.com
